Odds of playing a college sport from high school

February 17th, 2019 - These percentages contain numerous caveats the number of participants at the high school level does not include high school age athletes who don't play on a high school team but compete on club travel and similar teams So for sports such as high school football that have a large number of high school participants and very few travel teams these percentages are a very good indication of a

How Bully Coaches Affect an Athlete s Sports Psychology

February 15th, 2019 - Below is a quote from one of our athletes who is a 16 year old high school quarterback who loved football and had the potential to start as a freshman " until the coach destroyed his mental game" Going into high school I was a standout athlete with high confidence but after my freshman year I started to lose interest
