Psychedelic Chic Artistic Fashions of the Late 1960s

- I wanted a book surveying the 1960s psychedelic influence on fashion. The title of this book suggested that it would be what I wanted. Instead, the fashions photographed in full color in this heavily illustrated book are mostly of garments made by the Pucci company or using Pucci fabrics. Emilio Pucci was only one of the designers popular in the late 1960s. There were many others who designed what now would be called Bohemian fashions, and I had expected this book to show them. It did not.
