The Adventures of a Plastic Bottle A Story About Recycling

January 5th, 2009 - This book manages to turn a potentially dull topic the manufacturing of a plastic bottle from the extraction of oil through the recycling process into something kind of fun and interesting It s a super informative book that is written in an easily accessible format There are cute illustrations and little asides to add a bit of fun to the text The diary entry format told from the perspective of the blob of oil as he goes through his transformation is a clever approach
