## **Amazon com Customer reviews The Mystery of Biltmore**

February 11th, 2019 - The Mystery of the Biltmore House was definitely entertaining but not because of the plot We spent the whole trip groaning at many grammatical errors and plot holes What worries me more that the fact that this book got published self published is that the previous reviewers are oblivious to the fact that it has many glaring grammatical errors I would never give this to a child because I wouldn't want them to
